

AGUIRRE SPECIALTY CARE

PESSARY POLICY AND BILLING INFORMATION

The pessary fitting process involves two or more office visits. It is usually necessary to wear a pessary for several days in order to know whether it fits appropriately. We allow you to borrow a sample pessary from our office for one to two weeks at a time until we find a pessary that best meets your needs.

We require a \$75.00 refundable deposit at your initial pessary fitting in order for you to borrow a sample pessary from our office stock. The \$75.00 deposit can be made by credit card or personal check. If you do not return the sample pessary at your follow-up visit or within 30 days, whichever is first, we will use your deposit to replace that type of pessary to our office stock.

If we find a pessary that fits, we will order you your own pessary. Pessaries cost from \$55.00 to \$75.00. Some types of pessaries are reimbursed by insurance and some types are not. Questions regarding coverage should be directed to your insurance company. We will order your pessary from a medical supply company and they will send the pessary directly to you. If you do not receive your pessary in four weeks or you receive the wrong pessary, please contact our office and we will give you information so that you can contact the appropriate medical supply company.

I have read and understand the above information. Below is my pessary deposit in the amount of \$75.00:
